

ACE GUTTERS PRESENTS

**A NEW AND IMPROVED PRE PAINTED STEEL PRODUCT SPECIFICALLY
DESIGNED FOR THE RAINWATER PRODUCT INDUSTRY
MANUFACTURED TO AUSTRALIAN STANDARD AS 2728**

and supported by a

20 YEAR WARRANTY

including steel fascia and fascia cover

Dear Consumer,

Please be advised that over the coming weeks Ace Gutters will be introducing to the marketplace a new pre painted steel guttering product.

This new product is called **DURAKOTE®** and is an aluminium zinc pre painted steel product supported by a 20 year rainwater product warranty on all gutter, **fascia**, and downpipes.

Since 1953 Ace Gutters philosophy has been to adapt and evolve with a changing marketplace, through product innovation and design, manufacturing techniques and technological advancements.

With an ever increasing demand for Australian made products, Ace Gutters chose to undertake the significant capital investment of purchasing a state of the art Bronx International Continuous Coil-Coating Line in May of 2006.

This continuous Coil Coating Line located at our head office at Mortdale NSW has allowed Ace Gutters the ability to design and introduce to the Australian market **DURAKOTE®** a home grown product designed specifically for the Australian rainwater product industry.

DURAKOTE® pre painted steel is available in 32 standard colours, consisting of 80% and 25% gloss finish, including EBONY

DURAKOTE® pre painted steel (gutter, fascia and downpipe) has been proudly endorsed and supported by the Australian Made Campaign.

This notification also serves the purpose of advising all customers that any product purchased on or after the 15th of April 2008 carries the extended 20 year rainwater product warranty. *Purchases prior to this date carried the then standard 12 year warranty.*

Ace Gutters are proud to have given the consumer a choice when it comes to the purchasing of your rainwater products, by introducing **DURAKOTE® it has given the consumer an Australian Manufactured Rainwater Product alternative.**

Yours sincerely

Stewart Porter
